HARLEY SADLER AND HIS OWN COMPANY TO APPEAR HERE

Harley Sadler and his all new stage show will appear in Hamlin for TWO NIGHTS only. They are being sponsored by the Hamlin Fire Boys who respectfully urge the people of this section to attend. Mr. Sadler this year promises one of the biggest and finest attractions ever brought to Hamlin. Besides outstanding plays, a marvelous orchestra is carried and vaudeville features consist of many radio, stage and recording stars. One of the big features will be the musical comedy presentations which will be given preceding the play and in addition to the regular line of vaudeville that you have always witnessed with the Sadler company. The opening play will be "The Lovable Old Grouch," featuring Harley as the crabbed old father, a play of outstanding merit and comedy galore. If you really enjoy a good stage show, Mr. Sadler urges that you not miss a performance this year. The big tent theatre is waterproof, and will be comfortable in all kinds of weather. Popular prices will again prevail. Children 10 cents and adults 20. Special reserved chairs are 10 and 20 cents extra, government tax included. Remember the date and see ad elsewhere in this issue.

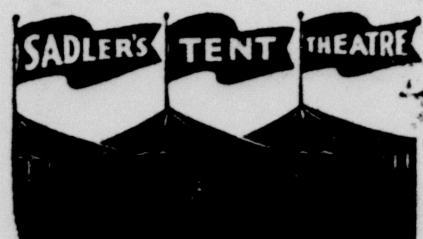

A TIP

A tip for someone to solve Thursday morning, a certain young business man of Hamlin was seen to park a "Triple E Coupe" in front of the Jones County Court Clerk's office Further information is that this young man will be out of Hamlin from the 18 to the 24th of October, and that upon his return he (?) will occupy apartments in the T. R. Tegart residence on Union Avenue It is further surmised that this young man will be fishing again in the Concho before returning home. Who is absent? Who is it?

The Herald failed to learn that recently Mrs. Ed Bailey's mother, Mrs. A. H. Copeland died at her home in Arlington, Texas. She was about 80 years of age. She had lived in the same community all her life—and was truly a Texan of the pioneer class.

Mrs. L. B. Bruner returned last Thursday from Alpine, where she had spent several weeks with her daughter, Mrs. Gay Fielder, and family.

T. B. Middleton Died Mon. Morning, Oct. 14

T. B. Middleton, one of this county's pioneer farmers, passed away at his farm home two miles east of Hamlin, Monday morning at 2:30 o'clock.

Mr. Middleton had been in failing health for five years, and at his death was perhaps one of the most aged men of this community.

T. B. Middleton was born in Stewart County, Georgia, Dec. 7, 1851, died October 14, 1940, making his age 88 years 10 months and 7 days.

Mr. Middleton was married in his native state to Miss Sarah Tina Beasley, and to this union there were born four sons and four daughters.

The companion passed away about 21 years ago, and the surviving children are E. L. Middleton of Los Angeles, Calif., L. T. Middleton of Lamesa and I. B. Middleton of Hamlin. All three sons were present for the funeral.

T. B. Middleton came to Texas at about the age of 24 years and had lived the past 51 years in Jones Co., and on the farm east of Hamlin since 1908. He was an industrious, dependable citizen all his life and was active in all community work till his health failed some years ago. He was a member of the Baptist Church at Neinda and it was at this place the funeral was conducted, on Wednesday afternoon, by the pastor, Rev. George Beavers.

Interment was in charge of the Barrow Company and the body was placed in the Neinda Cemetery.

BAPTIST CHURCH

The 300 mark was reached again in Sunday School last Sunday. We want the good attendance to continue. One fine intermediate boy made a profession of faith in the morning service. How it thrills our hearts when the unsaved come to Christ!

Our plans for Sunday are enlarged. We look forward to each Sunday with great hope and expectations. We are beginning the evening services 30 minutes earlier. Training Union begins at 6:30. (A special invitation is given to adults. They are meeting Sunday night to begin their Union.) Evening worship begins at 7:30. We are planning this service especially for those who registered for selective draft service last Wednesday. Every man who registered should be in this service.

Brotherhood meeting is Monday evening at 7:30. Rev. Aubrey Short of Rochester is to be our guest speaker. Bring a covered dish and be with us.

The Democratic Party Needs Financial Help

County Democratic Chairman, Clarence Johnson, is authorized to solicit funds for campaign expenses in this county, and is calling on every man and woman who wants to help out in a time of need to contribute something in the present campaign.

He asks those in this part of the county to hand their contributions to Tate May, who will see that the funds are in the right channels to the National headquarters.

Shell Company Makes New Location for Well

Information is that the test by the Shell Company near Jayton went down to 6,760 feet and did not locate any oil.

Recently a new location in proven territory was made and soon a new deep well will be going towards production in Stonewall County. The new location is 660 feet north and 660 west of the producing Shell-Smith No. 1. The new well will be Shell-Rutherford No. 1.

This is no longer a wildcat location as the Smith well is a commercial producer and this new well should take far less time to reach pay than the first well in this part of Stonewall County. This is about five miles north of the river north of Hamlin.

METHODIST CHURCH

Rev. John W. Hendrix, Pastor

The CHURCH SCHOOL is widely considered as one of the chief offerings of the church to the public. In all this stress of the last years, its anchor has held steadfast. The session opens at 9:45 A. M. and closes at 10:40 A. M. You are most cordially invited.

MORNING WORSHIP comes on at 10:50, and is out on or before noon. The choir, under the able direction of Mrs. Glenn Caffey, will furnish a program of choice hymns. All teachers and officers of the Sunday School will be installed. This is the beginning of the observance of "Childhood and Youth Week," one of our weeks of observance set apart by Congress, thus the church shares in it. The pastor will deliver a sermon fitted to this occasion, using as his theme, "What Shall I Do With My Life?" When so many of our younger men have been asked to sign away their lives, a period of their liberty, to Uncle Sam, when such is on our minds, this question is up emphatically.

EVENING WORSHIP comes on at 7:30 with a BIG SING, led by Mr. Brooks; everybody singing their favorite hymns. "Is There A Balm in Gilead?" Lest it become hackneyed to say simply, Christ is that cure, this is an endeavor to explain why He is such. This is a most terrible road of misery down which our civilization seems to be turned; millions of our people are in the shambles toward the altars of sacrifice; is there no way out of it?

LEAGUES, both Intermediate and Young People, will meet at 6:45 P. M. The young people are among themselves making of this a great big service. If you are young, not otherwise attached, join this interesting group.

CHILDHOOD AND YOUTH WEEK

Is to observe Childhood and Youth Week beginning next Sunday with an installation of officers and teachers in the Church School. The pastor will deliver a sermon in keeping with this week of observance. On Wednesday evening they will have one of their happy occasions—CHURCH NIGHT. This will be observed with a covered dish luncheon served at 7:15, and after that there will be a program under the direction of the Music Committee of the choir. A program has been prepared, outlined, The Home, School and Church in Child Nurture, each of these institutions, will be discussed by Mrs. Gordon Bennett, Mr. Johnston and Mrs. E. M. Wilson. After the program, a social period will be enjoyed by all. Inasmuch as this week of observance has in mind to broaden the acquaintance between the teacher and the parents, the Teacher's Council which met last Monday evening in the church desires each parent of the pupil to receive a most cordial invitation to be present, to meet the teacher of their children. If you read this, we are authorized to state, that this is an invitation to you.

On Sabbath Observance

It is the belief that keeping closed last Sunday made everybody happier. Relieved of all its moral and religious aspect, if such could be done, who wants to stay at their place of business seven days out of the week? A day of rest is needed, essential to our health, peace of mind and soul. Honestly when one keeps open on the Lord's Day, making seven work days out of a week, he is un-

Thanks To Hamlin Business Men

In behalf of the Hamlin School Band, the student body and the local board of education, we wish to thank the local business men who through the Chamber of Commerce made a \$200.00 donation to the band, which is to be applied on the purchase of new instruments for the school.

This contribution will do much toward improving the instrumentation of our band and will make it possible for some youngsters to participate who would be denied the privilege otherwise.

You have made an investment in youth and education that will bring you rich dividends in satisfaction to yourself as well as fine advertising for your town. May we express our sincere thanks for your cooperation in this matter.

Lawrence King Taking Pilot Training Course

Lawrence King, of Hamlin, is among the thirty young men at John Tarleton College who are taking advantage of the pilot training course being offered at that institution. Sponsored by the Civil Aeronautics Authority, the successful completion of the course leads to a private pilot's license.

King is taking this course in addition to his regular college work. In addition to approximately forty hours of flying time he attends ground school every night. The ground school work includes such subjects as theory of flight, navigation, meteorology, air plane engines, instruments, and Civil Air regulations. Examinations given by the Civil Aeronautics Authority must be passed in all of these subjects before a license is granted.

H. H. Winters' Mother Died In Abilene Mon.

Mrs. Laura A. Winters, 73, mother of H. H. Winters, of Hamlin, died at her home in Abilene, Monday evening at 6:30 o'clock. Funeral services were held Tuesday at 3:00 P. M. at the Hawley Methodist Church, conducted by Rev. C. C. Armstrong of Anson. Burial was in the Hawley Cemetery beside the grave of her husband who died in 1912.

Besides Mr. Winters, one other son and five daughters survive.

fitted to begin another week, and so is all his help. In the end it is hardly probable that any one wins. The odds are against one when they ignore or violate a law so deeply set in our life, our very being. It has been my experience that very few men just deliberately remain open; they most generally think that circumstances demand it. As it is some of our people work on Saturday from 7 A. M. to 11 P. M., sixteen hours, and a Sabbath of rest is due them. Many have expressed their keen pleasure over closing of the grocery stores on Sunday.

Hamlin Adds Rule to List Of Defeated Grid Teams

Tackling Stamford Bulldogs Tonight

Friday night, October 11, Hamlin played Rule in Pipers' Stadium for the first conference game of the season.

Rule, coming out slow in the first half, gained only 13 1-2 yards from scrimmage, while Hamlin rolled up a total of 149 yards, including two touchdown jaunts, one for 36 yards and one for 2. One extra point was good. Rule attempted 14 passes, completing 6. Hamlin attempted 2, both incomplete. Rule made 4 first downs, Hamlin 8.

The last half found both teams mixing it freely, but Rule failed to score, while Hamlin gathered three more touchdowns and an extra point bringing the score to 32 to 0.

Dean, Pipers' quarter-back, recovering from an attack of flu, was out most of the game.

SUMMARIES OF THE GAME—

FORMULA FOR SUCCESS

A recent issue of Fortune carries a long illustrated story concerning Safeway Stores, Inc.—which is one of the biggest food grocery chains of the country.

This company, says Fortune, has a "simple formula for success: it behaves as if it were operated for the benefit of its producers, employees and consumers."

The result is that housewives have come to look on Safeway as an excellent place to buy their groceries—that producers look on it as a

stable and fair-dealing market—and that its employers regard it as a great outfit for which to work, which offers the ambitious and the able every chance for advancement.

This company happens to be a chain, dealing in foods. But it is typical of modern retailing as a whole. The chain that sells hardware and dry goods and knickknacks, works on the same simple principles—and so does the up-and-coming independent which is anxious to progress and perhaps to develop into a chain system itself. In these days, the man or the institution which serves the public best serves itself best in the long run. The "gyp" in any busi-

ness is soon found out—and when that happens, it isn't long until there is a "for lease" sign on his door.

American retailing, like other American industry, makes no pretense of being perfect. It is still learning, still developing, still innivating. What American retailing has done is to give all of us better service than was ever known before. And American retailing's ambition is to do a still better job in the future.—Industrial News.

1 I work for the utilities and the other night I had supper over at Jim and Edith's house. It was a swell supper and I told Edith so. "Cooking," she said, "is easy. We have nearly everything electric." "There is a point," I says, excited-like. "And you're using about twice as much electricity today as you did 10 years ago for the same money." "Maybe you mean the bill is twice as high nowadays," Jim chimed in. "It may be just as high, Jim," I said. "Mine is, too. But there's a good reason for it. Look here..."

2 Then I took them around the house, pointing out their refrigerator, electric washer, the percolator, radio, toaster, iron, and all the other electric appliances, not to mention the better-light—better-sight lamps. I said: "Now, honestly, aren't you using a whale of a lot more electricity than you did just a few years ago?" They said that was right.

3 Then I tossed a couple nickels on the table, real dramatic-like, and said: "The average person pays only about a dime a day for electric service! Some pay less, some a little more. And the more you use, the lower the rate!"

4 "Is this a bargain or isn't it?" I asked Edith. "Never thought of it like that," she said. "I certainly do get my money's worth!"

CONSIDERATION

By Clara Spratlen

Consideration is one of the most vital important virtues there is. There is scarcely a person who shows all the consideration that he should for the other person.

Students in this school, for example, are not considerate of the other person. If there is a group ready to pass through a door, the boys will probably go in first and leave the girls standing.

In the halls, some students will run into anyone without considering the feelings of the person. When a group is around the water fountain, one person may have his hand on the faucet, but this does not keep some of the students from jumping ahead.

One of the most inconsiderate things that most of the pupils do deals with the library. One person may check out a book and then he can keep it out a week. This is usually long enough for anybody to keep a book, but some recheck it two or three times.

REPORT ON AN

AGRICULTURE PROJECT

To one who has never studied Animal Husbandry, it would be a problem to understand the proper feeding and care of a beef calf. But to one so used to things of this sort, it is an everyday occurrence. So it is with Mr. Campbell, vocational agriculture teacher in Hamlin High School. Mr. Campbell has done a nice job of teaching the F. F. A. boys of Hamlin about livestock. Floyd Smith's success is proof of this fact.

Floyd bought a calf at the end of the last school term. The calf weighed one hundred and eighty-two pounds then; but after Floyd spent eleven dollars and thirty-five cents for equipment and nine dollars and twenty-two cents for feed, the calf weighed six hundred and sixty-five pounds.

Mr. Campbell states that other projects are doing just as well.

ROOSEVELT, MAN OF THE PEOPLE

By Tommy Hill

Franklin Delano Roosevelt, president of the United States!

That name symbolizes confidence at all times when he is driving at the wheel of political affairs. Mr. Roosevelt if you will try to remember, was the man who succeeded Herbert Hoover and who lifted American people out of a very deep chasm of debt. Yet, don't misunderstand me, for the United States will in all probability always be in debt to a certain extent, but Mr. Roosevelt pulled some very good strategic strings to lift us up to our feet again.

Today some people state it is against our precedent to elect anyone for a third term; yet who can capably take over the presidency and run our country as smoothly as Roosevelt has done? He has had eight years to get acquainted with all political affairs, and there is no man in the United States who can fill his place and know what to do in this extreme World Crisis.

If you will recall when Wilson was elected for a second term before the World War, he was going to keep us out of the war. Yet, try as he could, he saw that war was inevitable. I am sure that Roosevelt will try in all ways to keep us out of the war, but mind you, if foreign countries try to trample on our great nation, they are going to find the treading very rough. Our country stands for freedom, equality, and fraternity, and we will fight to the end to maintain these great principles.

Some people say we are headed for a monarchy type of government; yet as long as we have the Senate and House of Representatives, we will never see this happen.

Roosevelt is trying to awaken the American people to be prepared. If we are not, destruction may hit us at an unknown time.

So, fellow citizens though Roosevelt has done things that we cannot understand, he is the man of the hour and needs one hundred per cent support.

'THROWIN' SAND

Last Monday night the senior class had a roaring good time at the river. Each member was asked to bring a can of food for the orphans. When the seniors arrived, they found that

they were the orphans. Enjoying a hobo stew, the seniors then began some rough treatment in the sand. Several games were played and the evening was ended by giving yells for the class, team, sponsors, etc. After singing our school song, a group of tired and dirty seniors rode home amid the confusion on a school bus. The sponsors for the evening were Miss Loucille Willis, Mr. and Mrs. Clyde Smith, Mrs. Vera Nobles, and Mr. and Mrs. M. T. Hudson. A good time was enjoyed by all.

The freshman are busy working on the P. T. A. drive. The class has been divided into groups of ten with leaders. The leaders are Jack Harden, Alfred Altum, Curtis Meeks, Shirley Moore, Bobbie Wilson, Hortense Phenix and Frances Gardner. There will be a prize given to the group securing the most members.

Preparations are being made for the Carnival at which time the freshmen will furnish plenty of excitement in the House of Horrors.

HAMLIN SCHOOL BAND ATTENDS U. S. MARINE BAND CONCERT

On October 1, the Hamlin Band went to Abilene to hear the United States Marine Band. After visiting bands had been seated, Captain William F. Santelmann, director, announced the program. A variety of selections, such as overtures and comic selections made a very interesting and educational program.

A cornet solo, "Spanish Caprice" by Edward Masters, received a hearty applause. After being called back four times for an encore, the band continued its performance. Oliver Zinneister proved his xylophone solo just as popular as the cornet solo by returning four times for an encore. "The Star-Spangled Banner" completed the program.

After the dismissal, the visiting bands were honored with having their pictures taken with the Marine Band. H. N. White and Company honored the guests with free coca colas.

SCHOOL CITIZENSHIP

By Joyce Hudson

An American does not wait until he is 21 to become a citizen. The Constitution provides that every person born in the United States is a citizen. It's high time that we citizens, proud as we are of our privileges and the Bill of Rights, wake up to the fact that citizens have responsibilities as well as rights.

Each student needs to practice citizenship at home, on the streets and in school. Hamlin people have built a fine \$125,000 school building with beautiful landscaping. A good citizen knows how to perpetuate this beauty. Knives are handy things, but they are destructive when used to cut the desks or walls. The grass is tended with utmost care; therefore, we must not make it a loitering place. Another important thing is that our actions and words in our own town, as well as that of others, are reflected on the school. A good citizen will conduct himself in such a way that he will bring honor to his home town wherever he is.

Of the many organizations of our school each student should be able to participate in one. Through these organizations we learn what real citizenship is.

Let's be true citizens for the honor of Hamlin Hi!

HAMLIN SCHOOL BAND ENTERS CONTEST

Last Tuesday morning, a group of high spirited bandmen left the high school building, with an eager expression on their faces.

This group had their heart set on winning first place in the marching contest at The West Texas State Fair. Upon arrival, the Hamlin Band was placed between two well dressed bands. At the blast of the drum major's whistle, each bandman was on the alert and ready to do his part. After about five blocks of marching, the drum major gave signals, and the band executed maneuvers twice before reaching the judges' stand. Probably it was the suspense of being watched, or it may have been carelessness; but the maneuvers were not carried out with the snap that the preceding maneuvers had. As the band reached the last block of marching, several bandmen came forth with a groan. Several girls in the band lost fingernails as they waited for the judges' decision. After Mr. Clyde Smith, the director brought the news that the judges had not reached a decision, the band was dismissed at the fair grounds.

The band later learned that they had not placed. However, the next morning every student felt again in high spirits after hearing the radio and newspaper reports. An Abilene radio announcer announced that the Hamlin Band was considered the favorite. He especially gave credit to the waltz step. The Fort Worth Star Telegram reported that the Hamlin Band had an outstanding formation which was different compared with the other formations.

Accepting the invitation to enter the Haskell Band Contest, Hamlin's Band intends to come home with winning colors.

HAMLIN STUDENTS TO ENTER AMERICAN YOUTH FORUM CONTEST

The American Magazine is sponsoring the fourth annual Youth Forum Contest, in which thousands of high school students participate each year. Hamlin High School has participated in this contest the past two years and each year has succeeded in receiving an honorable mention. Bessie Joiner's paper won honorable mention in 1939 and Jean Young's in 1940.

Hamlin will be represented again this year. Plans for the local contest are being made and prizes will be awarded to the two highest. All students taking English III and IV will be required to develop the subject "What Americanism Means to Me" as a term theme assignment. The best papers will compete in the local contest which will be open to freshmen and sophomores as well as to the upper classes. Announcements regarding the date and prizes will be made later.

STUDENTS BURST

YELL-O-METER

A new type device was introduced in assembly last Friday—the yell-o-meter. It resembles a regular thermometer, but it is used for registering the volume of a pep rally.

It is rumored that Mr. Smith and Joe Don Dickey did a great deal of head scratching before the instrument was finished. At any rate there it was in chapel for the students to see and use. They were making good use of it and the red mark had almost reached the top, indicating that the Hamlinites were doing what is usually termed as some yelling. Then the faculty gave a yell, and the mark dropped. It took all of two minutes for the student body to bring it up again. On the last yell of the pep rally, enthusiasm and force combined to shoot the red mark straight out over the top and break the new instrument to pieces.

With that much pep behind them, the ball club should show up well in the Stamford game.

FISH PLANS FOR CARNIVAL

OUTSTANDING

The freshmen are going to have the best booth at the Halloween Carnival, "The HOUSE OF HORRORS." The lighting will be of weird hues of different colors. You will hear horns, chains, and horrifying sounds. If you haven't an iron will, don't enter The House of Horrors.

PIPERS TAKE SECOND CONFERENCE GAME 32-0

By Norman Lasseter

Last Friday night the Pipers out classed the Rule Bobcats to win their second conference game of this season. The Pipers seemed to take the upper hand when Alvin Johnson, behind beautiful blocking, skirted through his right tackle for 40 yards and a touchdown. Johnson's pass to Hill was good for extra point.

The second tally came in the second period when, after a long drive downfield, Tommy Hill went around end for the score.

Johnson tallied again in the third

period after a sustained drive.

The fourth score of the evening came in the third period when Johnson passed to big W. A. Brown, who went a few yards to pay dirt.

Johnson's pass to Ferguson was good for extra point.

Again behind some of that good blocking, Johnson threw a short pass to Hill who made a nice run of 60 yards for the last score of the game. Try for extra point failed.

The Hamlin line deserves a great

deal of credit for this victory. These boys are the ones that make these long runs and long passes possible. Many times they stopped the Bobcats before they got started.

Outstanding for Rule were Townsend, Turner and Brock.

Hamlin plays Stamford Friday night. This is THE GAME, as every one is putting it. This will be a game worth seeing as the boys are gunning for a victory. LET'S HELP THEM GET IT!

Hamlin Garden Club Meets

The Hamlin Chapter of the American Federation of Garden Clubs met October 11th for its first regular meeting since it was organized September 1st.

The members were greeted at the door by Mrs. Fred B. Moore, president-elect of the club, who in turn presented Mrs. R. H. Thomason of Abilene, who was guest speaker of the day. Mrs. Thomason is a member of the Federal Park Board, an officer of the state garden club federation, and president of the Abilene Chapter.

Following a prayer by Mrs. M. P. May, Mrs. Thomason presented her talk in which she stressed a close relation of the home and garden. She stated that the success of both began largely on prayer. Also in her talk were brought out several facts concerning the organization and progress of a garden club. Mrs. Thomason says that to be a better club, a garden club must not be considered as a social club but as a civic club which means helping your town to be better and more beautiful.

The club then went into its business session. After hearing the minutes of the last meeting read and approved, the club adopted the new

constitution and by-laws. October 25 was set as the last day for charter members to pay their dues. The next meeting will be Friday, Nov. 8th at the Harden Hotel. Fifty-two women were present and enjoyed Mrs. Thomason's talk very much.

"Build-Up" Relief Explained to Women

A simple method has saved many women a lot of suffering!

It is based on the fact that headaches, nervousness, cramp-like pain are often symptoms of functional dysmenorrhea due to malnutrition.

Help for this condition so often follows the use of CARDUI, because it usually increases the appetite and the flow of gastric juice; thus aids digestion and helps build physical resistance. Usual result is less periodic distress.

Many who take CARDUI a few days before and during "the time" have found this helps ease periodic discomfort. Women have used CARDUI for more than 50 years!

POT SHOTS FROM M'CAULLEY

BY GEO. DARDEN

Mr. and Mrs. Binnie Fancher of Lamesa were visiting relatives in McCaulley the first of the week.

Bill Maberry of Welsh was visiting his mother and other relatives here last Monday.

Mrs. Rod Brown and little son visited the Geo. Darden's last Friday afternoon.

Mr. and Mrs. A. L. Gregg spent last Sunday with the newly weds Mr. and Mrs. Hiram Prather.

Well, McCaulley had a big tent show in town last Friday and besides the boys put on a free show in front of the tent before the show opened—chaining the newly married man, Hiram Prather to a stake in front of the big top and had him sell some needed articles—everybody got a big kick out of the show and Hiram took his medicine like a newly married man should.

Mrs. Ellis Eivens went to the Dallas Fair last week with some of the club ladies and reported a grand time.

Mr. and Mrs. Alf Hemphill and Mr. and Mrs. William Mayo spent last week end in Big Spring, visiting Floyd Curtiss who is ill.

Mr. and Mrs. Tubby Houghton visited their parents, Mr. and Mrs. Sherman Houghton, Sunday.

Miss Ruby Rhoten of Sweetwater visited her parents north of town last week end.

Mr. and Mrs. Walter Faulkenberry visited their daughter and family Mr. and Mrs. L. T. Harris in Abilene last week.

lene last week.

John Dean who is working at Brownwood on the new training camp was home last week-end. Jno. says there is plenty of work to do and plenty of men to do it.

Frank Maberry Jr. is working in Brownwood.

Again McCaulley is short of cotton pickers and the cotton is opening fast.

We still hear politics discussed pro and con on McCaulley streets every day, in fact this is about the most political minded town of its size in the good old U. S. A., and though all of us may not agree on every candidate, we are all united on our president, and if there is a Wilkie man here he is staying hid.

Mr. and Mrs. L. E. Rector and daughter, Patricia; Mrs. W. M. Keller and father, Pa Martin made a trip to DeLeon last Sunday to visit relatives.

The McCaulley oil well has been closed down for quite a spell and we are all anxious to see the cap taken off, and we hear it won't be long now.

Wednesday, October 16, there will be hundreds of thousands of men register for the draft and the men we know seem anxious to get started. The greatest thing about the American way is loyalty to our government, respect for the flag and a Christian desire to help our fellow man.

Mr. and Mrs. Ben Kemp, Mr. and Mrs. Jap Kemp and Guy Kemp visited Mr. and Mrs. Frank Kemp in Odessa last week-end.

A few days ago this scribe had a letter from Mike Hogg urging us to support Wendell Wilkie for President and in my reply to Mr. Hogg, I urged him to be the Democrat that his father was and support our great leader, Franklin Roosevelt, and of course I took a few cracks at the so called Wilkie Democrat. Recently I have been receiving a weekly paper from the Hogg headquarters and of all the political bunk that I ever heard of it is in that paper. Everybody knows that the Hogg brothers are very rich men and own a lot of cotton warehouses, compresses etc., and the only reason we can figure out why they are supporting Wilkie, is that before the New Deal, they could handle thousands of bales of cotton that they don't get since the plow up program went into effect, of course they are howling.

The Republicans always mean to make the rich a little richer and the poor a little poorer, but the common people had enough of Hoover and they won't be fooled into voting for Wilkie and the Republican gang. Mr. Wilkie may be a good business man, but as a statesman and a leader of this great nation we don't believe he could fill the bill, anyway, we know what we have now, one of the greatest leaders if not the greatest this Nation has ever known, and if we elect Senators, Congressmen, and even county officials for more than two terms, why not the President? It is of vital importance that we have the best leaders when war is at our very door, so why trade a good horse for a bronk?

—A Darden-o-gram.

BOYD CHAPEL CHIRPS

The weather is very threatening at this writing. It seems as though cotton picking might be checked for a few days.
